VOL. LVIII: NO. 32. REDWOOD CITY, CALIFORNIA, SATURDAY, NOVEMBER 10, 1917. ESTABLISHED 1859.

FORMER REDWOOD MAN LEAVES OPERA CAREER TO DO HIS BIT

The Daily Tribune of Gary, Indiana, in its issue of October 6th published a lengthy article concerning a former resident of Redwood City. The article speaks in glowing terms of William McDonald, the famous basso, who at one time conducted a blacksmith shop in Redwood City. This was before he was known to fame as a singer. Mr. McDonald's wife was formerly Miss Ellen Lloyd. She spent last winter here with her sister, Mrs. Townsend and her other sister, Mrs. P. H. McEvoy, at Menlo Park. The big armor plate factory, the largest in the world, is located at Gary. Mr. McDonald is well-known on the peninsula. The following article that appeared in the Tribune will be read with interest by Mr. McDonald's old associates:

"Opera Singer Works in Mills To Help in War."

"Toiling every day in a great steel mill for a laborers' pay is a nation's famous singer, a former member of the Boston Grand Opera Co., the foremost operatic organization in the United States. He has been in Gary for many days but his presence was not discovered until today.

This famous basso, whose voice has been recorded liberally by phonograph companies did not come to Gary in search of publicity, or fame, for he has both. He is here to do his bit. He is William McDonald. "I'll be a resident of your promising city until the Kaiser is brought to his knees," explained the famous basso, when he was finally run to earth in his room at 413 Monroe street.

In answer to a doorbell summons, he appeared. He was attired in his working clothes, and his tender skin was smoke blotched, until it could be safely said he was successfully camouflaged. Beneath all this grime and dirt could be plainly traced the fine features that bespoke a long intimacy with the singing art, in its higher forms. The famous singer appears to be about forty-five years old, with a tinge of grey in his hair. His deep voice rumbles in an ordinary conversation—his lowest tones reverberate in an ordinary living room. "It got on my nerves—the indifference of members of my profession to the war. Many noted actors, of course have forsaken the soft pillow of luxury for a coarser life, that they might assist, but I could not satisfy my haunting conscience by reciting what others had done. I thought it over a long time—the result you see. I have a boy, a big strapping fellow, in the field. I could not see him suffering hardships and courting danger while I, in comfort gazed on with complacency. I am satisfied now, and mentally contented. I feel that I am doing my bit.

"Through the very genteel consideration of E. A. Comstock I was given a job and believe me, it is in a department managed by P. C. Howard, where in a week or so I will be directly assisting in the manufacture of armor plate—just what I wanted. And anyway, this Mr. Howard is one of the finest little men I ever met, and I never imagined men leagued with such giant machines could be interested in humanity's welfare. No "swell heads" as you call them, such as I have frequently met in artistic professions.

"You wish to know something of my history? Well I was born in California and when a youth became a blacksmith on Gov. Leland Stanford's estate. It was there that Mrs. Stanford first saw me, and immediately became interested in my voice. From that day until recent years she was my guardian angel, or properly speaking, my patron. She saw that I received a splendid vocal training.

"For several years I sang in the Grace Cathedral at San Francisco. I also had the unique distinction of singing at the laying of the corner stone of Leland Stanford Jr. University. It was about that time that the Boston Opera company saw in me a possibility, and I remained in that organization for five years appearing in all prominent theatres including the Metropolitan Opera House in New York City. Later I drifted into vaudeville and still later began singing for phonographic records. During my vaudeville career I visited almost every city of importance in the United States. When the war is over I will return to vaudeville, having already made arrangements toward that end. Yes I am anxious to meet the music lovers of Gary and willing to assist the art in this city in any way I can. I will probably make my first public appearance with the Orpheus club at its concerts, which I understand are to be given some time in November. In the mean time I will labor at the mills, enjoying the strife and breathing the air of enjoyment and contentment, such as I have never known in my life."

THE WEEK'S EVENTS IN LOCAL CIRCLES

Redwood City as Seen Through Incidents Gathered Here and There

If you have Watch trouble see watch doctor, George Peterson, 214 Main street, Sequoia Hotel Building, Redwood City.

The Mount Carmel card party that was to have taken place on Thursday, November 8th, has been postponed to Thursday, November 22nd.

Ennis Dorn, of Palo Alto, has opened an up-to-date bootblack stand at Crosby's. He is an artist in his line and can shine shoes in a way to please the most fastidious.

R. F. Chilcott, inheritance tax appraiser of the estate of Jeremiah Sullivan, has filed his inventory and appraisement. Lots 5 and 6, block 17 San Mateo are appraised at $1040.

Rev. P. Doyle, the new assistant pastor of Mount Carmel church, arrived here yesterday and will celebrate his first mass here tomorrow morning. For some time he has been one of the assistants at St. Joseph's church in San Francisco.

Father Bandini, former assistant pastor of Mount Carmel church in Redwood City, is on his way to France, where he will act as chaplain for one of the American regiments. Father Bandini is a linguist, fluently speaking several languages. He was recently appointed chaplain by Secretary of War Baker.

Ted Secker of Woodside has begun the erection of a five thousand dollar home on Laurel Terrace. It is to be an eight room building containing all modern improvements. Mr. Secker, up until recently, had been employed for a number of years as superintendent of the J. A. Folger place at Woodside.

The Flynn block on Main street is to have a new and up-to-date bowling alley. Contracts were awarded yesterday for the construction of a one hundred foot alley to the rear of the pool rooms. It will run back almost to the creek. It is to be equipped with all the latest improvements and when completed will be the finest in the state.

Mrs. Fay Thorpe and Miss Etta Kelting of the local school department visited the school at San Jose on Wednesday and Thursday, and Miss May Worthington, also of the local school department visited at Sacramento yesterday. The teachers went to the schools to ascertain the methods used in teaching there. They returned with good ideas which will be infused into the department here.

Ludwig Werder, brother of Ernest Werder, the county purchasing agent, was united in marriage last Tuesday evening to Miss Bessie C. Evans at Berkeley. Miss Evans is a charming young lady who for some years has made her home in the College City. The young couple after the ceremony departed for Los Angeles from which place they will journey to New Orleans to spend the honeymoon. Mr. Werder is plant manager for the Solvay Process Company, a position he has held for a number of years.

W. W. Benepe, for the past year the local agent for the Wells, Fargo Company, will be given a new assignment. The company will in a few days give him a new agency. Mr. Benepe is succeeded by E. B. Shilladey of Antioch, where he was the agent for some time. Mr. Shilladey was formerly Wells, Fargo agent at Halfmoon Bay, where he worked in conjunction with the Ocean Shore Railroad company. Mr. Benepe during his short stay in Redwood City made many friends who regret to learn of his departure.

Erick Thompson has resigned his position as stenographer in the county surveyor's office. He leaves for Camp Lewis next Wednesday with the San Mateo county contingent. Mr. Thompson is a capable young man, well-liked and popular with a large circle of friends in Redwood City. He is president of the Bachelor's club, whose members have done so much for the social benefit of Redwood City. Mr. Thompson will write the news of the big camp for the Times-Gazette while he is there. These communications will be certainly read with interest by the people of this city.

Fruit Growers Convention

The Fruit Growers' convention will take place at Sacramento on November 22 and 23. It is to be one of the most important meetings of the fruit growers of the state and will be attended by growers from all portions of California. Many horticulturists from San Mateo county will attend.

NEW LAWS TO GOVERN AUTO BUS DRIVERS ON CITY STREETS

Partially as a matter of revenue, but chiefly as a provision of public safety, the business of transporting passengers by automobile in this city is to hereafter be subject to strict regulation. This applies not only to those doing a purely local business, but also to lines operating from the city to various points and to lines running through the city as an intermediate point.

In all cases permits must be secured prior to operation, after an application to and formal action by the city council. It is required that in the application for his permit the council must be informed as to the style and passenger carrying capacity of the machines to be used. It must also be designated as to whether the machines are to be used for purely local traffic or to run between points. In the granting of permits the council will have authority to designate the maximum number of passengers each machine will be permitted to carry. Drivers of machines are also to be regulated, both as to age and general knowledge and their permits are revokable for misconduct. The dangerous practice which has too often been in vogue of allowing passengers to ride upon running boards and other exposed places of machines is to be prohibited entirely.

The ordinance, which was adopted at the regular meeting of the city council last Monday night with an emergency clause ,takes effect on the 15th of this month.

The petition of the property owners on Broadway between Washington and Webster streets asking that the palm trees on the north side of the street in that block be revoked, was granted after a rather lengthy consideration no real objection to the petition being offered. In making the motion to grant the request of the petition, Trustee Tuchsen suggested that in matters of this character, where no question of general public policy was involved, the wishes of those directly interested should guide the action of the council. In this case the section involved had become business property and if the owners and occupants of the premises found that the trees interfered with their business the trees should be removed. It was however, the sense of the trustees that if this block was business property it should have sidewalks of a business width and with this view the clerk was directed to notify interested owners that all walks must be extended to the curb.

City Clerk Price was also directed to notify owners of property on Washington street, north of Broadway, and on portions of Walnut street, to construct concrete sidewalks without delay.

F. E. Smith and R. Kelley applied for and were granted a permit to conduct a jitney dance in the Odd Fellows' building. The dances are to be run every night until midnight.

On behalf of the Wednesday Evening Social club, F. W. Thompson and H. G. Lamb applied for a permit to conduct a dance every Wednesday evening at Foresters' hall.

Hearing on Geo. R. Felton application set for next regular meeting.

Trustee Tuchsen and City Attorney Mansfield were appointed a committee to represent the council at a special meeting of the League of Municipalities in San Francisco Saturday afternoon to consider means of opposing the application of the Pacific Gas & Electric Company for permission to raise its rates for gas in this district.

The ordinance imposing a license fee of $20 per quarter on "jitney" dances was adopted.

TO OBSERVE THEIR FIFTIETH WEDDING ANNIVERSARY

The fiftieth anniversary of the marriage of Mr. and Mrs. Edward McLean will be observed at their San Francisco home on 779 Guerra street on Friday, November 30th. Mr. McLean is a brother of the late Mrs. Josephine A. Pheips, and up until a short time ago resided at San Mateo. He held an important position under his brother-in-law, the late T. G. Pheips, at the custom house in San Francisco when the latter was the collector of port. Mr. and Mrs. McLean have been married for fifty years, the greater portion of which have been passed in th city. Mr. McLean was formerly a newspaper man.

Pretty Party Enjoyed

The Wednesday Eve Social club gave another of their weekly dances in the Foresters' hall last Wdnesday night. It was enjoyed until twelve o'clock to the strains of Mullen's improved orchestra. The dance being well conducted, is fast becoming quite popular among the young people of Redwood.

MT. CARMEL SODALITIES HONOR FATHER DONOHOE

On Thursday Rev. James Donohoe departed for San Francisco to assume his new duties as assistant pastor of St. Vincent de Paul church. Wednesday evening the young ladies sodality and the members of the Holy Name sodality, both of which Father Donohoe organized, presented him with a beautiful gold watch fob with an elegant Knight of Columbus pendant at the presbetry. Father Donohoe was gracious in his response. Just before he departed on Thursday a few of his old familiar friends jocularly called the "gang" presented Father Donohoe with an elegant gold fountain pen suitably inscribed. The presentation speech was made by Attorney J. J. Bullock. Father Donohoe responded feelingly saying that whenever he used the pen h would always think of th peopl of Rdwood City and the numerous courtesies extended to him while here.

Father Donohoe carries with him the very best wishes of the people of this city for a happy and prosperous career in San Francisco.

ESTATE OF DR. TRELLO TO BE SHARED AMONG CHILDREN

Leonilda Trello has filed the last will and testament of Dr. Emil N. Trello, who died at San Francisco on October 28th. The instrument was executed on September 22, 1917, and the subscribing witnesses were T. M. McAuliffe and Sidney M. Ehrman. Petitioner has also applied for letters testamentary thereon. The estate consists of lot 24, block 9, College Homestead, San Francisco and valued at $1000. By the terms of the will this property is bequeathed to the daughter of decedent, Esther Trello. An undivided interest in lots 1 and 2, West End, San Francisco, valued at $1,250 is left to Katherine M. Trello, a daughter, a lot on Twenty-fourth avenue, San Francisco, valued at $500 is left to another daughter, Beatrice V. Trello, Edward Trello ,a son, is bequeathed lot 6, block 34, Easton. This property is valued at $750. The home at Burlingame is bequeathed to the wife of decedent. It is worth $12,000.

FREMONT TO BE PERMANENT CAMP

Camp Fremont was made safe at a meeting of the business men of San Francisco last Tuesday. The tidy sum of $55,000 was subscribed to construct the outfall sewer and pay the farmers for their leases and for other necessary work to be done.

The drive for the $100,000 additional money necessary to carry out the guarantee of the city in this cause will be begun today at a luncheon at the Palace Hotel. John A. Britton has been put in charge of the campaign.

The Lindgren Company began a survey of the route yesterday and active work is to begin early next week. It is believed the sewer can be compltd in three weeks at a cost of $18,000.

An officer high in authority at the camp said yesterday that before Christmas there would be over 40,000 men at the big cantonment.

SEQUOIA HIGH GRADUATE ASSISTANT AT STANFORD

Charles McNeill, a graduate of the Sequoia Union High School and a junior at Stanford, has been appointed an assistant teacher at the uiversity. In the mean time he will continue his studies at the institution. Mr. McNeill resides at Atherton. He is an unusually bright young man, ambitious and a hard worker. He is taking an engineering course at Stanford. His appointment as assistant teacher is a splendid recognition of his ability.

A. M. Andreasen. A. I. English and K. C. Kahran will operate a line of automobiles between Redwood City and the military camps, by permit.

"HELLO" WIRES NOW OPERATE TO CAMP FREMONT

Wednesday afternoon of this week all the work of connecting the telephone exchange system of the U. S. Army Cantonment at Camp Fremont with the system of the Pacific Telephone and Telegraph Company was completed.

The telephone system of the Government takes care of the service for the officers of the army. Provisions have also been made for reaching the enlisted men and for serving certain civilian establishments within the camp by means of this system.

The Army officials point out that only at certain times of the day can the public reach the officers and men, as their time, except during these periods, is devoted to intensive training.

The Telephone Company states that the Government's telephone number is "Camp Fremont 2000." To secure government telephones ask the operator for the local telephone desired. If you do not know the local telephone number, ask for the party desired, giving the title, company or regiment.

To reach other than Government telephones in the camp, call for the number desired. If you do not know the number ,it can be secured by calling "Information."

Service from Palo Alto, Redwood City, Menlo Park, Woodside, Mayfield, or Atherton to the camp is furnished on the so-called "two number" basis,—that is, it is not necessary to call Long Distance. The charge from Palo Alto, Redwood City, Menlo Park, Woodside, Mayfield or Atherton to the Camp is 10 cents for three minutes and 5 cents for each additional minute.

CONGREGATIONALISTS GIVE PASTOR A SURPRISE PARTY

A surprise party was tendered Rev. and Mrs. C. H. Stevens by the members of the Congregational church Tuesday evening, the occasion being the twenty-fourth anniversary of their wedding. The evening was spent in music, recitations and congratulatory speeches. Dainty refreshments followed the addresses. Rev. Stevens in a happy speech thanked the parishioners for their kind congratulation and beautiful sentiments expressed.

PARROTT WILL ADMITTED TO PROBATE THURSDAY

The last will and testament of Abby Parrott was admitted to probate in the superior court on Thursday. Garret W. McEnerney, the noted attorney, who represents the estate was present and conducted the proceedings. Captain Payson, J. A. Donohoe and Mrs. Grace P. Hayne, were present and were appointed the executors and executrices rspectively. The estate is valued at about $3,000,000. The estate does not include the Parrott Estate Company, the property of which is valued at a much greater sum.

SILVE ESTATE EXECUTOR FILES FINAL ACCOUNT

Antone J. Silva as executor of the last will and testament of his father, Antonio Silva, has filed his first and final account, report and petition for final distribution. The account shows that the executor received $9850, and that he paid out $1336.68, leaving on hand cash $5958.32 and real estate appraised at $2530 and a gold watch and chain appraised at $25. The heirs are Antone J. Silva, a son, and Christina Bowden, wife of Dr. Bowden.

James T. O'Keefe is attorney for said estate.

Military police began duty in this city during the week. A provost guard of four soldiers are on duty from 1 o'clock in the afternoon until midnight. They will look after the conduct of soldiers visiting this city from Camp Fremont.

DISTRICT ATTORNEY FREE TELLS FOOD SAVING PLANS

Sequoia Theatre was packed to the doors Thursday evening by an enthusiastic and patriotic audience, the largest that has ever assembled in Redwood City to hear the eloquent address of Arthur M. Free, the able district attorney of Santa Clara county.

Mr. Free admonished his hearers to conserve the food. He urged that every family save and conserve food stuffs of every kind. The Allies need supplies and must secure them in this country.

"Hooverize" should be the slogan of everyone, said the eloquent lawyer.

Mr. Free made the statement that over 400,000 Americans soldiers were now in France. This startling news was marveled at by the big audience, many of which did not believe that more than 100,000 Americans were at the front.

Mr. Free in forceful language urged all to show their patriotism in conserving the food of the country.

HIGH WATER MARK REACHED AT CONGREGATIONAL CHURCH

Last Sunday was high water mark at the Congregational church. There were more than our aim of 250 in Sunday School. The audiences were large morning and evening, and many new faces were welcome. Twelve united with the church. Altogether it was the most encouraging day since the 50th anniversary five years ago.

PENINSULA TRANSIT COMPANY MUST PAY INJURED BOY

A jury in Judge Buck's court on Tuesday rendered a verdict in favor of Jessie Day, a minor, against the Peninsula Rapid Transit Company of San Mateo for $2000 for personal injuries sustained December 23, 1915.

The bus was overturned near the Selby Lane on the highway between Redwood City and Menlo Park. The plaintiff in her complaint alleged carelessness on the part of the company and brought the action to recover damages in the sum of $10,000. A number of expert witnesses were called to the witness stand by the attorneys for Miss Day.

John D. Willard and Judge Gilbert Ferrell appeared for plaintiff, while J. E. McCurdy represented the Transit Company. The jury, which was made up equally of men and women, were only out a few minutes, when they returned with the verdict.

Louis Michael Seriously Ill at Colfax

Louis Michael who went to Colfax a month ago for treatment, is very low. News reached his parents yesterday that he was rapidly sinking and could not long survive.

LOCAL MEN INTRODUCE NEW BUSINESS METHODS

That the people of Redwood City appreciate special opportunities for local merchandise buying has been amply demonstrated during the past week by the almost phenominal patronage given the introductory copartnership sale of Knox & Paulding. During almost the entire day the store has been filled with customers eager to take advantage of the special bargains offered. Nor is this to be wondered at, when it is considered that the goods offered consist of an indiscriminate selection from an up-to-date stock of seasonable goods.

While this sale has been announced as being for the purpose of introducing to the local buying public the new firm which has succeeded to the management of the Knox's Toggery, it evidently has another purpose, as a short talk with Mr. Paulding, the new member of the firm, indicates that material changes are to be made in the conduct of the business, designed to make the establishment even more popular than it has been in the past. The various departments of the store are to be remodeled and enlarged, with a design of carrying a complete and well assorted stock ,equaling that carried in similar establishments in the larger cities. New methods of buying are also to be introduced, enabling the proprietors, by taking advantage of a combination purchasing system, to secure stock at the closest wholesale rates.

Thus is an added force given to the "Trade in Redwood City" slogan. With the complete stock and wide choice of goods offered at close retail margins, there will be no possible excuse for going elsewhere to purchase. Redwood City welcomes the new firm and wishes it success.

Emphatically as could be without opportunity for direct action the voters of San Francisco have voiced their endorsement of Mayor Rolph and his administration. At the election Tuesday, practically every candidate who had received the endorsement of Mayor Rolph was elected by decisive majorities.

Mayor Rolph is to be congratulated upon this outcome. While the personal qualifications of the successful candidates undoubtedly did much to secure their election, the fact that the voters considered that these men would work in harmony with the Mayor in his administration undoubtedly contributed to their success. Thus the result of the election may be take nas a complete endorsement of the administration of Mayor Rolph, and a vote of appreciation for what he has accomplished for the city.

BETTER AS IT IS.

There are many people who are egostical enough to imagine that if they had the making of the universe they could improve somewhat on the present job. They would have no conjunction of the planets—no great disturbances of nature of any kind—no pestilence or drought—no tidal waves nor tornadoes—no sickness nor sorrow—none of the ills and calamities that flesh is heir to. They would make the earth ever fruitful, the elements very propitious, and life ever fair and prosperous.

But is it not probable that under such conditions humanity would be about as tame and insipid as the life of a jelly fish? As the thunder storm clears and purifies the atmosphere, as the furnace fires burn away the dross, so man's struggle with the elements is necessary to build up his individuality and round out his character. He must needs restle with the pestilince and the storm—with summer's heat and winter's cold—with health and life destroying elements—with the hard conditions of existence which meet him at every turn. His struggles give him health and vigor of limb and soul and enable him to walk erect where otherwise he would shrivel back into the primitive type of being whence he sprung.

Man's business here is to deal with the universe as he finds it, and to adjust himself to it in every possible way; not to quarrel with it. Nature takes no more thought of him as a physical being than she does of the reptile on the rock. Law is as merciless as the glacier. Upon its crest is safety—harmony. Beneath it grinding atoms. Whoever violates the laws of health or being, intentionally or ignorantly, suffers—dies. He must bear the pain until nature, gentle mother, soothes the sufferer to rest. There is no vicarious attonment for matter. Though the mother love be ever so strong, it cannot avert the mortal agony of the darling child.

Nature every where and always demands implicit obedience to her laws. She will have it at any cost; and the sooner man learns this fact and profits by it the better it will be for him. He should learn a lesson from the reed, that bends before the storm, of the lichen, that anchors itself to the rock; of the flower, that lifts its head to the sunshine; of the bird that carols among the branches; of the bat, that hides in the cave by day; of the laughter of children, and the heartthrobs of sorrow; of the earthquake and the lightning; of plenty and famine; of health and sickness; of birth and death. Nature will deal kindly with him if he will but obey her. She will gladen his life in a thousand way. She will croon to him in the ripple of her brooks and in the murmur of her ocean waves. She will fan him with her zephers laden with the fragrance of many flowers. She will give him health of body and cheerfulness of soul. She will bend over him her loving skies all radiant with stars, and will beckon him onward and upward to higher planes of being.

The grandest thing in the uiverse, is a noble soul living to a noble end. This is nature's crowning fruition—her rarest handiwork. To be noble and live noble should be the aim and ambition of all. In such lives we behold the promise and prophesy of a yet to be glorious humanity.

Its Your Flag and Mine; Let's Treat It Right

A movement has been started by the San Francisco Ad Club intended to inculcate a more general and better observance of the respect due to the flag of our country. Not only is it the desire to seucre an even more universal display of the flag, but, what is more important, its better care, and a due observance of the proper time and manner of its display. As a motif for this action, it is pointed out that too often, either from ignorance of neglect of proper handling, the flags displayed present a neglected and far from patriotic appearance.

The sentiment which is the basis of this movement in San Francisco is equally applicable to Redwood City, or for that matter to practically any other city. The same misunderstanding of the care of and methods of showing respect for the flag prevail in almost every community.

Not that the spirit of patriotism is waning, nor that there exists upon the part of our people any real inclination to neglect this important duty. From it. In fact, it might be said that as the people of the country are brought more fully to realize the world-wide importance of the principles which involved this country in the titanic struggle, the spirit of devotion to the cause is increasing. It is realized that no sacrifice which we can make is too great.

But while the spirit which prompts the exhibition of the flag is certainly not dimishing, we are becoming lax in its observance. We are too often neglectful in the observance of the proper methods of displaying and caring for our country's emblem. For this reason too, often when the flag is displayed its appearance is far from inspiring.

The flag should be displayed from every buliding, both public and private. But when displayed its appearance should be bright and inspiring. To a large extent this latter object may be easily obtained by the observance of the proper methods and hours of display. The flag should not be allowed to fly at all hours. It should be hoisted at the coming of the morning and should never be allowed to remain exposed after the setting of the sun. Not only will this preserve the inspiriting appearance which the flag should have, but, what is quite as important, it will be a proper observance of the National rule for its display.

We honor the flag because it is our flag, the emblem of our country, because it expresses the highest ideals of universal democrary. Let us also give that sacred emblem all the care and attention which in our hearts we know we wish it to receive.

This should, and undoubtedly will, appeal especially to the people of Redwood City, because of our proximity to a large military training camp. We should show these young men that we are in no wise lacking in the spirit of veneration and respect for the flag for which they are ready to offer up their lives. Here again is a chance for the women to do their bit. This movement should be taken up locally in an organized manner and what more appropriate than that it should come from Geoge S. Evans Womens Relief Corps, an organization which has always been to the front in patriotic work of this kind. Let these loyal women undertake this work and in an organized effort see that the people are fully instructed in the methods of care and use of our flag.

ORDER TO SHOW CAUSE WHY REAL PROPERTY SHOULD NOT BE MORTGAGED

In the Superior Court of the State of California, in and for the County of San Mateo.

In the Matter of the Estate of Hannah S. Johnston (otherwise known as Hannah Johnston), deceased.—No. 1852.

J. S. Hutchinson, executor of the last will and testament of Hannah S. Johnston (otherwise known as Hannah Johnston), deceased, having filed herein his petition, in due form, praying for an order of this Court authorizing and directing him to borrow the sum of Twenty-five hundred (2500) Dollars, or such lesser sum as to the Court may seem proper, wherewith to pay certain outstanding claims and indebtedness of said estate, and for the purpose of securing such loan to mortgage to the lender of such money that certain real property situated in the County of San Mateo, State of California, and described as follows, to-wit:

Lots Numbers Nine (9) and Ten (10), as said lots are designated upon a certain map entited "Map of Land of the San Mateo Land Association", which map was filed in the office of the County Recorder of said County of San Mateo, on the 25th day of November, 1873,—

It is ORDERED that all persons interested in said estate appear before this Court, at its courtroom, in the Court-House, at Redwood City, in said County of San Mateo, on Thursday, the 6th day of December, 1917, at 10 o'clock a. m. of said day, to show cause why the prayer of said petition should not be granted and the real property above described mortgaged as prayed for;

And it is further ORDERED that a copy of this order be published for four successive weeks next before said day in "Times-Gazette", a newspaper published in the County aforesaid.

For all further particulars, you are hereby referred to the said petition now on file herein.

Done in open Court, this 2nd day of November, 1917.

Churches Services

Baptist Church

A special series of religious meetings is being planned at the Baptist church, to begin next Sunday. Evangelist George W. Taylor of Los Angeles is to conduct the meetings. He will be assisted by his son who is a skilled musician and who will drill a chorus choir for the meetings, and also do solo work. Dr. Taylor is a very successful evangelist, and is just returning to the coast from a fruitful evangelistic campaign in the East. At the church, Corner of Heller and Elm streets, Sunday morning at 10 o'clock, the Sunday school will meet, followed by preaching. The evening service will be of great interest. Besides the evangelists, it is xpected that a series of most beautiful illustrated songs will be given by Mr. E. R. Button of Mountain View.

Congregational Church

Next Sunday morning the pastor will preach on "What is True Patriotism?" At the evening service Chaplain Alva J. Brasted of the 8th Infantry, will speak on "In the Grip of a Typhoon." Do not fail to hear this address. Sunday school 9:45. This is go to Bible Class Day. Get the habit. Resolve to do it now. Endeavor Society 6:30. A cordial invitation is extended to everyone.

Forum, Baptist Church

The first part of the forum meeting, at the Baptist Auditorium last Sunday consisted of familiar songs illustrated by the stereopticon. Each song was illustrated by three beautiful colored slides. Especially beautiful and impressive was the illustrated song: "My Mother's Bible", sung as a duet by Mrs. Parker and Miss Juanita Parker.

The speaker at the forum was Mr. E. R. Hodges of San Francisco, whose subject was: "Some of the Ways of the Devil in His Work in the World." The following is a brief outline of the address: Unity among Christians is the plan of Jesus Christ. He prayed and planned that the should be one. In union there is strength. Christianity might have conquered the world if it had maintained Christ's purpose. The great trick of the devil is to break up this plan of Christ. Germany undertook to use the devil's plan; to conquer the world by conquering one nation at a time. After they had conquered the nations of Europe, they evidently expected to conquer America. The Kaiser is a fair representative of Satan. The greatest weakness of Christianity is divisions into sects. Churches should find a common ground of union and so defeat the devil who is now plying his trick among them.

Methodist Church

Sunday school 9:45 a. m. Mr. W. Yearian, superintendent. We had a great time last Sunday, almost doubled our attendance and yet there is room. Come. 11 a. m. public worship the pastor preaching, topic: "The Answer to the Question, Do You Love Me?" 6:30 Epworth League. Still growing in interest and usefulness. 7:45 p. m. informal song service followed by sermon by the pastor, topic, "The Greatest Source of Joy."

Hurry Christmas Mailing, is Slogan

"Do your Christmas mailing early."

This is the advice of the postoffice department and railroad officials, who are co-operating in plans for the prompt handling of an enormous increase in Christmas parcels sent by mail, in addition to those sent by express. Otto Praeger, second assistant postmaster general, and W. I. Denning, general superintendent of the railway mail service, have held a conference with the superintendents of railway mail service in the fifteen divisions covering the United States. A general plan, embracing many new features, was adopted for expediting the holiday mail service.

Before returning to Washington Second Assistant Postmaster General Praeger issued this statement to the public:

"The Christmas season this year will have an added interest for the American people. There will be the usual seasonal gretings and remembrances at home, and in addition there will be messages and remembrances to perhaps 2,000,000 men in the army abroad and in the cantonments in this country. The post office department will be called upon to handle practically two Christmas mailings—one on November 15 for the troops in France and the sailors with the fleet in European waters. The second will be the usual heavy Christmas movements for the homes, and this year, in addition, for the contonments.

Roads Making Sacrifices

"This 'double Christmas' will devolve a great burden on the transportation systems of the country and, considering the heavy demands imposed upon the railroads by these conditions it becomes the patriotic duty of every citizen to ease the bur-Christmas packages early. A week's leeway for the regular Christmas mailing is not too great in view of the heavy pressure on all transportation lines. The railroads of the country are making sacrifices, and have announced the fullest co-operation with the post office department in handling this year's mailings; and the post office department trusts that the public will meet this commendable spirit by not delaying the mailing of Christmas remembrances until the last moment.

"I am particularly interested in impressing upon the public the necessity of mailing Christmas gifts to soldiers in France before the 15th of November—in fact parcels mailed after that date cannot be expected to reach the soldiers at the front until long after Christmas has passed.

November 10 is in Favor.

"About November 10 would be the most helpful date to admit of the prompt dispatch of Christmas mails being made, November 14 and 15 being the last chances to get parcels to the men who are lining up under Pershing for the big war drive.

"Another matter that should be borne in mind is that under the transportation operations in France, it will be impossible to send parcels of greater weight than seven pounds, and postmasters have been directed to refuse parcels over that weight. These parcls should be offered to the post office for mailing, open, so that the postmaster may inspect the contents and affix to the parcel his certificate that no prohibited articles are contained therein. Failure to comply with the directions will cause long delays and will result in disappointment to the men, who otherwise would be the recipient of Christmas cheer.

"Therefore, I would urge upon all persons who may use the mails for transmission of Christmas gifts and messages to bear in mind the postal slogan—'Mail early, pack securely, address properly.' "

Co-operation is Assured.

The hearty co-operation of the railroads with the post office department in the effort to serve th public well in handling promptly the heavy Christmas mails is assured by the following letter sent to all roads by R. H. Ashton, chairman of the central department committee of the railroads' war board:

"Our attention has been called by the post office department and also by the express companis to the very large prospective increase both in the number and weight of the Christmas packages to be transported by the railroads this season.

"There are more men away from home and family under arms in the military and navel service in this country than ever before in our history. All of them will probably receive Christmas parcels ranging from one to twenty pounds in weight, which will be in addition to the large volume ordinarily handled during this period. To take care of this traffic is going to require every available baggage and express car as well as some high-class refrigerator and other special cars of this character.

Ship Packages Early.

'It is suggested and urged that all of this class of equipment to handle this business that is possible be made suitable for service and got off of repair tracks by the first part of De- means be used to induce the public to ship Christmas packages a week or ten days earlier than usual, in order that they may be sure to reach their destination before the holiday, and thereby avoid disappointment on the part of the giver as well as the recipient.

"Any step that you may take along the lines indicated will be very much appreciated both by the government and the public."

PLEDGE CAMPAIGN ENDS TOMORROW

Have You Signed Your Food Pledge Card?

Tomorrow ends one of the most important campaigns conducted by the United States Government since the beginning of the war. That of the Food Pledge which binds every signer to do his or her utmost toward the conservation of food, and the elimination of waste in every household. According to unofficial returns that have been received from Washington, the United States has responded nobly to the call of Mr. Hoover, and from present indications more than 22,000,000 families have signed the Food Pledge. Unofficial returns also show that California is well on its way toward the 500,000 signature mark asked from this State by Mr. Hoover. There is still time to send the State's quota soaring above every other State in the United States, based on a percentage of population. If you have not signed the Food Pledge at this time, do so at once, and return it to the offices of the U. S. Food Administration in San Francisco.

Reports have been received from other sections of the State which show that we are still a little behind. This puts it squarely up to every citizen here to have his Food Pledge in the mail as soon as possible.

California has responded to the challenge of other States in the United States in such a way that only the official returns for Food Pledge Campaign Week will tell the story. It is apparent, however, that with the eleventh-hour signatures that will be forwarded to San Franncisco today, this State will be well up in the running. SERVE THE CAUSE OF FREEDOM, SIGN YOUR FOOD PLEDGE AND SEND IT IN NOW.

EAT FISH, BUT DON'T FRY IT, IS ADVICE

Don't fry your fish—broil, boil, bake them or make chowder. Not only is it patriotic to eat fish, and thus save meat for the nation, but also it is patriotic to refrain from frying fish in order to conserve fat and oils. Such is the declaration of the committee on resources and food supply of the California State Council of Defense.

The fish most easily digested are the white fish or the fish of small fiber or small flakes. Such is the report which has come to the committee from Dr. Meyer E. Jaffa, professor of nutrition in the University of California. All fish are somewhat more digestible if not fried ,but instead, cooked by boiling, baking or broiling, besides any French chef will testify that a broiled fish is esthetically far superior to a fried fish.

Every fish has its own distinctive flavor, Prof. Jaffa points out, and if each is cooked in a manner which will preserve and enhance this flavor great variety may be given to the weekly menu. It is good food conservation then to use up a quantity of fat or oil in frying, when a baked fish may be flavored with a much smaller amount of oil or oleomargarine than would be required for frying purposes.

The skillful housewife can practice two kinds of conservation at once by not only cooking her fish without fat, but by serving it with a sauce flavored with tomatoes, bellpeppers, pickles, capers or other savory substances, thus using California's abundant vegetables instead of fats.

Breezy Briefs From Coastside

MONTARA BRIEFS

Mrs. Gohlin and Miss Alice Margaret Rowe, wife and daughter of Dr. Carl Gohlin, arrived on Thursday morning and will spend several weeks in their bungalow. They have just returned from Dr. Gohlin's mine where he is busy shipping ore.

On Tuesday the Sunshine Club was entertained by Mrs. Monte Meade at the Gallagher residence, which the Monte Meades will occupy during the winter. The beautiful rooms are well suited for large entertainments and Mrs. Meade gave the ladies a delightfully pleasant time.

Mrs. Mary E. Hart of Alaskan fame, who was a visitor at Montara the past week left for San Francisco on Thursday morning's train. She expects to return to Alaska in the facility of adapting herself to circumstances and making a good time of it. She went fishing at Moss Beach, where she caught several eel and pulled an abalone loose from the rocks with her fingers, the shell of which she carried home as a trophy. Bought the first O. S. ticket sold at Farallone with the six cent war tax on it and declared at parting from the coastside that she had not had such a good time since she left the north. Prof Scott Sterling, principal of Halfmoon Bay high school, sent a special request to Mrs. Hart to give a talk on Alaska to the students, which she was obliged to decline because she was starting for home on the next train.

HALFMOON BAY ITEMS

Every body in this vicinity has tickets bought for the Catholic Ladies Fair of Halfmoon Bay—all are looking for next Friday and Saturday evening. They want to see and hope to see a financial musical and social success in this fair.

The Parents-Teachers Association gave the Union high school pupils a delightful Hallowe'en Wednesday night. The assembly hall was prettily decorated and the evening's entertainment of games, fortune telling by a characteristic witc, in a bower of greens. Apple pies constituted the prizes. Dancing and refreshments of apple cider, doughnuts and apples gave the young folks and their parents a very happy evening.

The Chamber of Commerce received a letter recently that gives proof of the xcellent quality of oil produced in tis vicinity. Prof. Green, Dean of the California College of Pharmacy of the U. of C. Affiliated College San Francisco, desires a quantity of this oil for labatory use at the College, because of its high standard test. This oil has come from the Emerson property at Purissima where T. B. Wilkenson, an oil expert has been in charge for some months.

Commencing on November 4th the Ocean Shore Railway will establish its regular winter service. Trains are to leave 12th and Mission streets at 9 a. m. daily and 5:30 p. m. daily. Trains going north will leave Halfmoon Bay 6:55 a. m. daily; 2:55 p m. daily except Sunday and 3:25 p. m. on Sunday. Leaving Moss Beach for San Francisco 7:09 a. m. daily; 3:10 p. m. daily except Sunday and on Sunday at 3:40 p. m. These trains pass through Farallone and Montara only a few minutes later.

Th latest news received here from Jack Gomez is that he is in a hospital "somewhere in France" on account of an attack of mumps.

Joseph George writes from Camp Lewis in quite a cheerful frame of mind, saying that he enjoy army life very much.

Herr Reinhard Scheffer who for six months past has acted as bookkeeper at the Ocean Shore cannery, left yesterday for San Francisco where he has secured a more remunerative and congenial employment. Mr. Scheffer made many friends while here.

Steve Ponce who conducts the Ford Sales and Service Station for John Meyn was in town last Saturday and brought out a new Ford car. They're selling 'em right and left.

WOODSIDE CHIPS

George Harkins on Monday discivered a Ford automobile in a gulch near the King mountain road. Harkins backed the car out onto the highway and brought it to the buacksmith shop of George Shine. The sheriff was notified but as yet no owner has been found. It is believed that the machine was stolen and left in this out of the way place for safe keeping.

CHICHESTER S PILLS

THE DIAMOND BRAND.
Ladies! Ask your Druggist for Chi-ches-ter's Diamond Brand Pills in Red and Gold metallic boxes, sealed with Blue Ribbon. Take no other. Buy of your Druggist. Ask for CHI-CHES-TER'S DIAMOND BRAND PILLS, for 25 years known as Best, Safest, Always Reliable
SOLD BY DRUGGISTS EVERYWHERE

By Midnight Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8½ months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts:

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

"WHO'S WHO"
IN REDWOOD CITY
By Paul Pry

(Continued from page 5)

ways be glad to make you happy with a new suit of clothes. What is his name and address? A name that is an emblem of peace.
12. M. Dove, 50 Broadway

13 than this one in California There may be larger markets but there are none where better meats are sold—that's sure. It is a market that has been running along serenely under the same ownership for many years. They are wholesale and retail dealers. They supply a multitude of the best homes of this city and surrounding country. They handle the very choicest of meats, also poultry and fish. It is the market where money talks and says something besides "Goodbye." Choice beef, pork, lamb, veal, ham, bacon, sausages and lard. They have plenty of refrigerating room, everything sanitary and up to date. Oldest and best equipped market in city. What is the name and address?
13. Palace Market ,227 Main

14 Here lives a man who doesn't refuse to make or mend your boots and shoes; whose leather is good, whose work is quick, and he gives no tick; and when he dies he fears no coals for he has "saved so many soles." He has been located here but three weeks. He has the electric machinery and can turn your work out while you wait. He carries a full line of shoes for the whole family. Also has men's furnishing goods. Low rents and the minimum expense enables him to sell shoes a little bit cheaper than many other shoe stores and the result is that he is getting a good trade. He is just a whisper away from the business center. What is his name and address?
14. Carlo Musso, 434 Main

15 Talk about your busy places, few, if any, have this one skinned. It is a big billiard hall that is about the liveliest place in town every evening—and frequently as busy during the day. There are four tables in all—one billiard and three pocket billiard tables. It is the place where the boys all meet to have a pleasant hour together. Where gentlemen of leisure coin the ilde hours into busy minutes. Down town looking for a friend you will nearly always find him there. They have plenty of good smokes—the kind that is your favorite. And they have soft drinks and Bryan grape juice. What is the name and address? Fronts west.
15. Michael Bros., 219 Main

16 Are you fond of Mexican dishes? If so do you know where to get them in their purity? Here is a restaurant that has only been open for business a short time, and it is getting a fine patronage. Their tamales are supreme, and their Chili Con Carne and other Mexican dishes can not be excelled any where in California. They serve the home-made tamales. If you haven't been in to test them you are wasting a lot of time. They also make a specialty of fine coffee and short orders. What is the name and address?
16. La Paloma Mexican Restaurant, 278 Main

17 What is the name of the hotel in this city that takes the lead? The impressions a stranger gets of a town largely come from the way he is entertained, and in this regard few cities in the state have a better advantage than Redwood. This hotel is run on principles that make every one's stay a delight. Breakfast, dinner and supper come each time as a pleasing surprise to the appetite. And the rooms are so comfortable, such nice beds, telephones, hot and cold water, with and without baths, and everything kept clean and inviting. The rooms and hallways are always "spick and span" and the service is very satisfactory all round. It is the commercial men's headquarters.
17. Sequoia Hotel

18 Who are the rich men of tomorrow?—those who buy land today. There never was a better time to invest than right now, and this number presents a real estate man who always has some under-the-market bargains in city property and farms. He has been in the real estate business in this city for 23 years. He writes fire insurance and makes real estate loans. He is always active when there is anything doing in the way of selling some one a home. He ties as many people to a home as the most popular minister in the city ties by marriage. What is his name and address? The first syllable of his name tells what he sells.
18. C. G. Landscheit, 208 Main

19 Signs—Indians make them, so does this man. His skilled hand has been inditing gems of art so long and the product is of such high quality that it attracts attention on account of its unique art. He makes a specialty of gold leaf and raised letter work, and he is anything but slow on card work and cloth signs and banners. You know there is a difference in eggs—so there is in signs. His signs talk—his banners and bulletins yell. He is a firm believer in signs. He has a studio on the ground floor. He also does house painting, is a fine paper hanger and decorator. What is his name and address?
19. Mr. Doxsee, 109 Main

20 Give name and address of this home bakery that makes such fine product—so good that people come from every direction and buy the whole output right over the counter? It has been running under its present management about three years and it has marked out a place for itself among the good livers of Redwood. They sell all their capacity will admit without city delivery. Their rolls, cookies, pies ,cakes, doughnuts and pastry of all kinds is of the very highest class. And their bread is superior—in a class all by itself. What is the name and address.
20. Enterprise Bakery, 55 Broadway

21 Give the name of the theatre that brings the "Movies to you in such beautiful splendor, accompanied by the deep tones of inspiring music? All for only an insignificant little thin dime—5c to the Kiddies. They project the Bluebird, Triangle, Pathe films and others of the higher class. Their programs are always entertaining and educating. Can you deny yourself and family so inexpensive a pastime. The film has brought to the attention of many of us scenes of educational value; has shown the habits of people we are not likely to see in the flesh; has demonstrated before our eyes interesting methods of manufacture; has shown the marvels of scientific achievement. Prices always the same.
21. New Redwood Theatre,

22 This number represents a real custom tailor—one who makes up the suits right on the premises. He the suits right on the premises. He has been doing business in this city 15 years and has lots of customers from the class of men who know a good fit when they see it. He fits the suit right to your form and brings out the individuality of your person. He does the very best cleaning and pressing, remodeling and repairing for both ladies and gentlemen. You will find him on the ground floor on a street that is sure some street. What is his name and address? Fronts north.
22. F. Leist, 59 Broadway

23 "I see by the paper that Jones has mortgaged his automobile to build a home," said Smith. "Well what a fool," replied Brown. And that is what it is coming to—automobiles are fast becoming a necessity. What is the name of the car that is "tougher than an army mule and cheaper than a team of horses?" Have you got yours yet? If not you should be getting your name on the dotted line, and thus get it without delay. You can get this car now with electric lights. The beauty of this car is that you can "bump the bumps" anywhere witout breaking a spring—they are made of Vanadium steel. What is the name of this car, and who is the distributor in this city and county: Has a first-class garage in this city—storage, repairs, supplies and accessories.
23. Ford—D. M. Flynn, Broadway & Washington.

24 Give name of the market that has all United States Government inspected meats? Every quarter of beef that comes into their market bears the stamp of government inspectors who have examined it and found it to be perfect, wholesome food. No rejected meats are allowed to go on the market. The government spends thousands of dollars to protect you from impure foods, but it is all waste unless you co-operate by buying the foods they inspect and pass as good. This is the market that sets the pace in Redwood. It is beautifully white and clean inside. Has a cold storage plant that preserves everything wholesome. The very choicest sausages and other delicacies. Largest force of meat cutters, and you seldom ever have to wait.
24. City Market

25 Who is the watchmaker and jeweler who is always ready to give you an honest opinion about your timepiece, its needs and requirements? Think of it—the balance wheel in your watch makes 157,680,000 vibrations in a year's time. What about neglecting to oil it? The most intricate timepieces are no puzzle to this watchmaker. They all yield to his treatments. He has been in business in this city 45 years. He also repairs jewelry, and does business in a building that wears his own name. Give his name and address.
25. G. A. Thiel, 157 Main

26 Give name and address of the company in Redwood that can give you an insurance policy on the title to your real estate? It is a company that has more than a million dollars paid-up capital and when they insure your title you are safer than relying simply on an abstract. They will furnish you an abstract of title if you want to stop at that, but they go farther and insure your title to be good. This company recently established a branch in this city, merging two abstract companies of this city in with them. The headquarters of the company are in San Francisco—the oldest, strongest and best title insurance company in California.
26. California Pacific Title Insurance Co., 322 Webster

27 When anything goes wrong with the automomobile who is the best man in the city to see about it? Others may sell the autos, he puts in a good part of his time keeping them in repair. He knows the excentricities of all the various makes and can come as near making them "run on their reputation" as any man in the state. He has no sales agencies—gives his whole time to repair work. Incidentally he would be an impartial adviser for any one wanting information about automobiles. He has a garage and repair shop fully equipped to take care of all classes of repair work. He carries a complete line of tires and accessories. What is the name and address. A street number of a half thousand.
27. J. M. Paulsen, 500 Arguello

28 You owe it to the family larder to know about this meat market, for they have the loveliest beef, pork lamb and other fresh meats; and such delicious hams, bacon and other cured meats, also fresh fish. Everything looks so neat and clean; there is an utter absence of everything that looks unsanitary. It is one of the cleanest markets in the state. It is a market that has been in operation several years—came under present control four years ago. Now that their system is perfected they are prepared to give you more for your money than ever before. What is the name and address? The only meat market on this street.
28. Capitol Market, 81 Broadway

29 What phone do you ring when you want an auto for a long or short trip? All you have to do is to tellthem over the phone and they will be at your door just as quick as the gas can explode—and you know that it shoots pretty quick when the ignition occurs. They have good looking and easy riding cars and safe and sane drivers. They can get you there and back as quick as anybody on earth. They have an office on Broadway and some one at their end of the wire all times, day and night. Give the name and address. A phone number that means "Skidoo," and that is just what they do.
29. Phone Redwood 23—Geo. R. Felton, 72 Broadway

30 We are leading you close beside the "land of harmony" in this number. It is a music store that has been carrying the carols of contenement and cultivation into the homes of this city and surrounding country for five years past. They sell pianos and musical merchandise, and they are distributors for Columbia Grafonolas and records. You are welcome to come in any time and hear the latest songs and instrumental selections. They have sheet music and stringed instruments—musical merchandise of all kinds. What is the name and address?
30. M. Schottler, 313 Main

31 Who are the people in this city who do the oxi-acetylene welding and make it stick? They weld any kind of broken castings and make them just as good as new. They guarantee their work. Don't throw it away and send for a new part, just take it to them and they will fix it p. d. q. and only charge you a small fee. They run an automobile garage and take care of machine work and automobile repairing in all its branches. You are always safe when you leave your car at this garage. None but first-class machinists are employed and your car will be returned to you in first-class condition. They are on the Highway. Give the name and address.
31. Davies Auto Repair Co., 1502 El Camino Real

32 Here we introduce a concern that does its part toward keeping the town clean. They get the dirt and leave the shirt, or any article you may intrust to their care witout extra wear. They understand the art of starching which is the secret of making your shirt keep its proper shape. Saw-edge collars are the bane of man's existence. You don't get that kind returned to you from this laundry. They know how when it comes to turning out first-class collar work—or first-class ladies' work. They do everything by hand and give each garment individual attention. It is a home institution and money spent with them is kept in circulation at home. Give the name and address.
32. Redwood City French Laundry, 304 Main

33 A prominent undertaking establishment has such complete accomodations for taking care of the departed that a brief mention of them here will be of interest. They occupy quarters in the residence section of the city, a quiet, cozy place, premises that were fitted and prepared for the purpose. Nothing was left undone that tends to remove the undesirable features of funeral obsequis, and everything added to give the public the very best service. They have a modern equipment with motor funeral cars, carry a full line of funeral supplies and give the public a good service at a fair price. Have been in the business here since 1868. What is th name and address?
33. James Crowe Co., 125 Webster

34 Who are the people who have "solved the burning question" in Redwood? They sell coal and wood Redwood? They sell coal and wood —lots of it—every kind. They can put you in the way of comfort for the coming winter. They also sell feed, seeds ,flour and poultry supplies. They have been in the business in Redwood for many years. They always give you the square deal which every American citizen is entitled to. And this is why they have such a big trade. They have sold so much coal, baffled Jack Frost so long and so effectually, that they are almost ashamed to steal a glance at the aurora borealis. Give the name and address. A street number that begins with the figure 9.
34. J. B. Perry, 901 Main

35 Don't worry when you run against a telegraph pole. If you have all the pieces here is a garage where they can put them together again for you, good as new. And they can supply the missing pieces. They have been fixing automobiles ever since they came in style. You will find them right on the Highway, with a big garage for storage and ample tools and mechanics to take care of the work. Only the very gest repair men can hold a job here. They sell the famous Dodge Bros. car. If you want a real automobile you should see them. What is the name and address?
35. El Camino Real Garage ,1903 El Camino Real

36 What is the name and address of the jeweler who has the "lucky wedding rings." He makes them to order and puts a special charm that is a guarantee of happiness and prosperity in every one of them. What more do you want for your money eh! He manufactures a lot of other beautiful things, remodels and designs old jewelry, resets diamonds and makes a specialty of fine watch work and engraving. He is also an expert optician and fits eye glasses perfectly. Has been in business in this city 10 years. He carries a big stock of novelties watches jewelry, silverware, cut glass, and optical goods. He has the agency for Victrolas and carries a full line of records.
36. Fred W. Lippman, 3 Broadway

KNOWLEDGE COMPETITION

Following will be found a number of brief paragraphs, each bringing out a few of the distinctive features or characteristics of the city's institutions. There is a query or two in each paragraph. To the person who first answers them nearest correctly in detail will be given choice of the prizes noted above. The next nearest correct answer will be given next choice, and so on to the last.

Names must not be abbreviated but given in the usual styles of the firms advertising. In giving addresses, the street number should be given when available, and it is available when it is on the door or in the directory. All answers must be neat and legible. There is no guessing about these, there is a clue in each one by which the identity may be confirmed.

Any of the parties sketched herein are privileged to answer any question you may ask, except to tell you they are "It."

Answers may be sent by mail or brought to this office any time before next Thursday evening. Next Saturday the sequel to this feature will be published. At that time prize winners will be announced and they are then entitled to call and get their prizes.

The competition is open to everyone except the employees of this paper and their relatives.

1 What company for the last 25 years has done so much to promote the building of homes in Redwood City and throughout the county? They furnish you the money and you build your home according to your own ideas and plans and then pay for it like paying monthly rent. You can pay more if you wish to at any time—and then you pay interest only on the unpaid balance. Loans are made on the Definite Contract plan, guaranteed to be paid off as per contract if monthly payments are made punctually. You know from the start just what you are to pay, how you are to pay it and for what time. The shares of this company are a good safe investment. Give the name and office address of this company.
1. San Mateo County Building and Loan Association, 90 Broadway.

2 Who are the people who make your title clear in this county? They search all titles except those to the next world. Their care and diligence, coupled with their neat, legible and accurate abstracts, have made their work the standard in that profession. They have a full set of the records, kept up to date, dating back to the beginning. Have been in the business here since 1874. Any one you may ask will tell you that they are wholly reliable. Ready to make your abstract or certificate of title on short notice. Also in position to furnish abstracts in compliance with the government regulations of the new Federal Loan Act. What is the name and address?
2. Geo. H. Rice Abstract Co., 302

3 Who is the real estate man in this city who is agent for the sale of Turlock and Modesto irrigated lands? Land, land, land—everywhere the cry is "Back to the land." The man who gets a good investment in land now is sure to reap a profit. There is only one crop of land; the free lands are all gone and values are advancing everywhere. This real estate man has been doing business in this city for 15 years. He has improved and unimproved city properties for sale, also ranches and acreage. He rents houses, collects rents, is a notary public and attends to conveyancing. He writes fire insurance. His name is plain to any one who can "read." Give his name and address.
3. John J. Read, 336 Broadway.

4 Who is the man to see when you want to have your automobile washed and brightened up a bit? He has a big garage for storage, and he keeps a supply of gasoline, oils, tires and accessories. He has a service car. It is the handiest place in the city to leave your car and the rates are very reasonable for storage and service of all kinds. He has been running this garage one year, and the people keep him pretty busy. He can sell you new tires and save you money. His name begins with the alphabet. Give the name and location.
4. Geo. W. Alyworth, 317 Broadway.

5 If Elijah were alive today there would be no ravens to feed him. That brand of ravens has gone to roost forever. The only bird that will feed you now is the Eagle on the American Dollar. Gather these Eagles and then cast about for the best place to make them do their full duty. This number introduces a grocer who is making a collection of these dear little birds—bidding high for them. He has the good things that go to make up high living at low cost. He has been in the grocery business here for 15 years. He has one of the most central locations in the city, and one of the largest stocks. He spells his name with five letters—the letter "e" appearing twice. What is the name and address?
5. E. P. Heise, 82-88 Broadway.

6 When you get tired of eating "rough stuff" what is the name and address of this restaurant that comes into mind so readily? It is one of the most popular places to eat in Northern California. They have the chefs that know how to meet the ecentricities of the human appetite. There are two departments—one for the ladies and their escorts and one for gentlemen. Wherever you appear you are sure of getting the best there is in the shop—which is the best there is in anybody's shop. On Sunday lots of people get in their cars and drive down and eat dinner with them—give the cook a rest at home. When you are out late at night remember there is always something good and warm waiting for you here. What is the name and address? Eight family booths—and dining room with seven tables.
6. Eureka Cafe, 320 Main

7 What drug store is this that has so many names? One of these names comes to it by reason of a certain line of remedies and sundries of which it has the exclusive sale in this city. They are put on the market by a certain large co-operative jobbing concern that has its headquarters in Boston. It is a Latin name the meaning of which in English means "King of All." This name on any article you buy will always be a guarantee of quality. They can not afford to place it on inferior goods. This is the drug store that has been the reliable pharmacy for many years. It has everything for your health and good looks. What is the name and address? Both names please.
7. Ryan's Rrug Store—The Rexall Store, 163 Main.

8 If you want to eat good bread, life-giving, nutritious bread, made of first quality flour and baked in the most finished perfection, you should eat the bread that comes from this bakery. You may think you are eating good bread but if you are eating any other kind you are not eating the best. This bread is made clean, baked clean and sold clean. Two delivery autos take it out all over the city each day and if you will watch where they stop you will discover where the best families live. They ship it out to surrounding towns. Their pies, cakes, cookies, rolls, and other pastry are superior, too. Have been running this bakery six years. Fronts east. Give name and address.
8. Peninusla Bakery, 222 Main

9 Vulcanizing and tire repairing is an art in the rubber industry which is disgraced by inefficiency. This number will introduce a plant that was established the first of this year in this city by a man who has had plenty of experience; and he has gained a large share of the work from automobile owners and garages of this city and county. It is a modern steam plant, unexcelled in equipment—prepared to take care of all branches of the industry. He makes the prices right and guarantees his work. He sells Savage and Fisk tires, and tire accessories of all kinds. Give his name and address.
9. Geo. A. Kreiss, 70 Broadway

10 Who are the people in Redwood who put the "wear" in hardware? They have been selling hardware to the people of this city and surrounding country for 14 years. Of course you have them "spotted." They have one of the best arranged hardware stores in California. They are distributors for Aeromotor windmills, Petaluma incubators, Acme Quality paints and a lot of other superior lines of merchandise. They have fine cutlery, garden tools, rope, nails, wire netting fishing tackle, guns, pistols, ammunition, stoves and ranges, tinware, roofing, pumps and pipe, pipe fittings, tools, implements, builder's hardware, house furnishing goods, implements, paints, oils and glass. What is the name and address?
10. Hull Bros., Inc., 161 Broadway

11 To whom do you go for your cleaning and dyeing when you have some delicate fabric you are not willing to entrust to the ordinary establishment? The French cleaning process is one of the important textile discoveries of recent years but the process is quite complex and difficult. It needs experience and proper machinery. This is the most extensive cleaning works in San Mateo county. They clean all outer garments and make a specialty of fine work. Every garment is antiseptically treated. Their patronage extends over the whole Peninsula, branches in Palo Alto, San Mateo and Redwood City. Four autos are required to take care of their delivery system. What is the name and address?
11. DeLuxe Parisian Dyeing & Cleaning Works, 225 Main

12 Did you ever have a fit? This inquiry is not meant as a bit of impertence but is made from the tailor's standpoint. Here we introduce a custom tailor who has been a long time following his profession—located in this city only a short time ago. He will take your measure and make up a suit that he will guarantee to fit you perfectedly. He is an artist behind the shears. You will find him on the ground floor in a very central location. He will do your cleaning and pressing, repairing, remodeling—and he will al-

REPORT OF SESSION OF SUPERVISORS

The board of supervisors met in regular session Monday, November 5, at 10 a. m., there being present Dr. C. V. Thompson presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. Francis.

The minutes of the meeting of October 15th, 1917, were read and approved.

Judge Edw. F. Fitzpatrick of Redwood City appeared before the board in the matter of the application of the Peninsula Railway Company for a permit to operate a motorbus service between the San Mateo county line on the northend and Camp Fremont at Menlo Park. Judge Fitzpatrick presented a certified copy of an order from the Railroad commissioners granting a permit for the above service, also affidavit of the Redwood City Democrat, showing that the notice of hearing before the supervisors in the matter had been published in accordance with the law. The application of the Peninsula Railway Company was thereupon granted on motion of MacBain, seconded by Hickey.

J. L. Brown, owner of the Daly City Record-Tattler, appeared before the board again in the matter of an alleged claim he had against S. D. Merk, publisher of the Burlingame Advance, for his share of the proceeds in connection with the printing of the draft registration supplement, ordered by the supervisors in July. Brown claimed that he was entitled to supplements for the Daly City Record-Tattler and also for the San Mateo Index, which was published in connection with the former paper at the time of the printing of the supplement in July. He said he was allowed then only for the Tattler.

Editor Merk, who printed the supplements and who sent them to each of the apapers in the county for insertion, followed Brown and said he did not consider the latter was entitled to supplements for both papers as they were both practically the same, with the exception of the changing of the name. Merk explained how he saved the county several hundreds of dollars by printing all the supplements in his shop for the different papers throughout the county, instead of each shop printing a part of them.

The board took no further action in the matter, the members agreeing with Merk that Brown was entitled to the supplements for only one of his papers.

County Horticultural Commissioner Newton A. Peck, submitted his report for the month of October, showing that he had inspected 939 trees, plants and shrubs, all of which had been passed as clean.

Miss Anne Bell Bailey, county librarian, submitted her report showing expenditures for the month of October, 1917, amounting to $279.13. The report also contained a notification to the board of the appointment of Maury Cowgill, as assistant in the office at a salary of $5 per month.

The following persons having complied with the county ordinance and furnished the required bond, were granted liquor licenses:

First township—John Mangini, Millbrae.

Third township—Julius Schenkel, Portola; John Beltramo, Menlo Park, (Class C).

Fourth township—A. Lucchessi, Purissima; Frank Campbell, Halfmoon Bay.

The following applications were given their first reading and will be acted upon a month hence:

First township—J. M. Barrow, Millbrae; Jos. J. Laughlin, Millbrae; F. J. Vanderleith, Belmont.

Fourth township—Thomas F. Quinlan, Miramar Jos. S. Miguel, Miramar.

A communication was received from D. E. O'Keefe of Redwood City, asking that he be permitted to withdraw as one of the bondsmen for Mrs. Lena Clark, who holds a Class C license on the coastside of the county. The communication was laid over pending contemplated investigation of the place in question.

An application received from A. Ross for a peddlers license in the county was referred to Supervisor Hickey of the First township.

An application from A. Blecco of San Bruno for a license to peddle dry goods in the county, was also referred to Supervisor Hickey.

Applications for permits to conduct dancing in connection with their saloons were received from J. May Barrow of Millbrae and from J. Mori of Rockaway Beach, and hearings in the same were set for Monday, November 19th.

Joseph H. Nash, in behalf of Douglas Watson of the Redwood City American League, addressed the board in reference to securing space in the front of the courthouse to place a tablet containing the names of the boys who had gone from Redwood City to fight in the war against Germany. The board suggested that inasmuch as it was the idea to place similar tablets containing the names of all the boys from the county somewhere in front of the courthouse, it would be better if the Redwood boys' names were placed on the city hall or in front of the postoffice.

A communication was received from the Southern Pacific Company, complaining about the condition of a trench at the Menlo Park station that was being used by contractors of the county in unloading oil from the cars.

The clerk was directed to write to F. G. Wrightson, the contractor, now using the oil tanks at the station, for him to remedy the conditions.

A communication was received from the State Highway Commission asking the county to turn over to them all the deeds granted for rights-of-way for the State highways built in the county. The communication was ordered filed.

An application was received from the Blue Line Stage Company of Redwood City asking for a permit to operate a motor bus service between Redwood City and Camp Fremont at Menlo Park. The application was received and an order made setting Monday, November 19th as the time for a hearing in the matter.

Assemblyman Frank L. Eskward addressed the board relative to a big oak tree that occupied a dangerous position along the State highway at San Carlos. He volunteered to take the matter up with the Highway commissioners upon his next visit to Sacramento.

Only one bid, that Blanchard-Brown & Co., was received for the surfacing of the Mission Road from the Northerly limits of the City of South San Francisco to the "Duck Farm" at Colma. The bid which was $6,325.34 was accepted and the contract awarded to the above firm, on motion of Hickey, seconded by MacBain.

The following communication was received from the postoffice department at Washington in reply to the letter sent by Clerk Jos. H. Nash of the board relative to the merging of the Daly City postoffice with the San Francisco postoffice and the possible merging of other offices in the county:

Washington, October 26, 1917.
Mr. Joseph H. Nash,
County Clerk, Redwood City, Cal.

Sir: In answer to your letter of the 17th instant which the Postmaster General has referred to me, transmitting a copy of a resolution adopted by the Board of Supervisors of San Mateo county, protesting against the consolidation of postoffices in that county with the San Francisco office, and especially the Daly City office which was recently made a branch office, I wish to inform you that the latter office was discontinued and a branch office established in lieu thereof because greatly improved service, including the delivery of mail by city carriers, can be rendered without additional expense. At the present time, the question of consolidating other offices with the San Francisco office is not under consideration.

Respectfully,
J. C. KOONS,
First Assistant Postmaster-General

Reply were also received in the matter from United State Senators James D. Phelan and Hiram W. Johnson and Congressman E. A. Hayes, all of whom, promised to do all in their power to preserve the identity of the county postoffices.

Supervisor Hickey addressed the board and stated that he had held a personal interview with Postmaster Charles Fay of San Francisco and that the latter told him that there was no intention on the part of the postoffice department to destroy the identity of the postoffices of San Mateo county. In taking over th South San Francisco postoffice, Fay explained, that it had been done for the betterment of the service and for the convenience of the community. He promised to appear before the Chamber of Commrce at South San Francisco, Tusday evening, November 6th and talk over with the people

REPORT OF SESSION OF SUPERVISORS

(Continued from page 5)

of that place. If everything was not entirely satisfactory and the people of that city desired the old system returned, he would see that it was done.

A communication was received from the California Railway Commission relative to applications on file before them from the Pacific Gas & Electric Company for permission to raise their rates for gas service in various districts of the state. A meeting for a hearing in the matter affecting this district is to be held in this city on December 28th, and permission was asked of the board of supervisors to use their chambers as the place for holding the said meeting. The request was granted.

A claim of M. Liddicoat of Pescadero for auto service, amounting to 16 was ordered paid.

A. Rubens of San Francisco appeared before the board and presented an application for a permit to construct a wooden building at Menlo Park, in accordance with the provisions of the building ordinance recently adopted by the supervisors.

The permit was granted on motion of MacBain ,seconded by Hickey.

M. E. Boland of San Mateo, who filed the necessary application at a previous meeting of the board, was granted a permit to operate a motor bus service between San Mateo and Camp Fremont, at Menlo Park, on motion of Brown, seconded by Thompson.

A portion of Ivy street in the Boyd & Kent tract, near the new Washington school in Redwood City, was ordered closed, it having been shown that the said street was of no further use as far as traffic was concerned and that it was for the best interests of the community that it be closed.

County Surveyor J. V. Neuman made a report of an investigation he had made to determine the situation regarding the county ownership of the small strip of roadway lading from Santa Cruz avenue to the San Francisquito bridge back of Menlo Park, which had been referred to him from a previous meeting. He explained that his office records failed to show where the above road had ever been acceptd by the county, nor had the portion of the bridge on the San Mateo county side ever been taken by th county. The investigation was made in order to get some st rted toward repairing the d and bridge.

Supervisor MacBain made a mo- that he be authorized to repair the strip of road and that the expenses for the work be paid out of the general fund. The motion failed to receive a second, the other members of the board expressing their willingness to vote to have the work done, provided it was paid out of the Third Road fund.

District Attorney Swart addressed the board in the matter of the liquor license of J. Mori proprietor of a road house at Rockaway Beach on the coastside and who was arrested last week by the Federal authorities on a charge of selling liquor to men in the uniform of the United States army. Swart presented an affidavit that had been given to Supervisor Hickey by S. C. Barker ,attorney for the Law and Order Committee of the City of San Francisco, showing the date and the hour of the sale of the liquor to the soldiers.

Swart suggested that the liquor license of Mori be suspended pending the outcome of the latter's trial before the Federal Court in San Francisco this week.

The district attorney next called the board's attention to numerous complaints that had been made against Mrs. Lena Clark (colored), who conducted a roadhouse on the coastside of the county. Swart said he was satisfied from investigations that he had made that the place was being conducted in a disorderly manner and that it should be closed. He asked that Mrs. Clark be cited to appear before the board and show cause why her license should not be revoked.

District Attorney Swart also made a complaint against the old Damascus place on the coastside, now run by a Mrs. Kohn.

Supervisor Francis addressed the board and stated that the two latter places in question were in his district and that numerous complaints had been made to him regarding the manner in which they were being conducted. He moved that the license of Mrs. Clark and Mrs. Kohn be revoked. The motion was seconded by Hickey and carried.

Supervisor Hickey addressed the board in reference to the Mori matter and made an eloquent appeal to the other membrs to vote to revoke the license and to remove a blot that had been on the northend of the county for many years.

On motion of Hickey seconded by Brown, the license of Mori was suspended and he was ordered to appear before the board at the next meeting on Monday November 12, and show cause why it should not be revoked.

The members of the board felt that having taken this action in the case of Mori, they should do the same with Mrs. Clark and Mrs. Kohn and give them an opportunity to appear before the board. It was therefore voted on motion of MacBain seconded by Hickey to rescind the action taken shortly before revoking the licenses of the two latter altogether and instead to have them appear at the next meeting Monday, November 12 and show cause why their licenses should not be taken away from them.

District Attorney Swart discussed at considerable length with the members of the board the matter of drawing up a suitable ordinance covering the taxes to be imposed on various business conducted in proximity to military camps within the county. It was finally decided to leave the question in the hands of the district attorney for him to submit an ordinance at a subquent meeting.

District Attorney Swart addressed the board and stated that he had arranged a compromise in the suit brought by Charles Wheeler against County Surveyor James V. Neuman for damages done and injuries received when automobiles driven by Neuman and Wheeler collided on the State highway at Burlingame. The plaintiff agreed to dismiss the action upon the payment to him ,through his attorney, Arthur B. Reddington, the sum of $600.

A resolution ordering the payment of this amount upon the conditions above stated, was adopted on motion of MacBain, seconded by Hickey.

On motion of MacBain, seconded by Hickey, Purchasing Agent Werder was ordered to buy a five-passenger Ford automobile for the use of the sheriff's office and to have the Haynes car now used by the sheriff repaired.

The board of supervisors met in special session Saturday, November 3rd, for purpose of taking action in the matter of a petition for an extension of time on the contract for the other street improvements in Lomita Park.

Dr. C. V. Thompson presided at the meeting, which was attended by all the other members of the board.

Attorney Jos. B. Gordon of San Mateo presented the application of G. H. Sundberg, the contractor in the above work, asking for an extension of 60 days.

A resolution, granting Sundberg an extension of 35 days in which to complete the work, was adopted on motion of Hickey, seconded by Francis.

The board adjourned at 10:22 a. m.

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Mr. and Mrs. James G. Mason left on Thursday for Seabright to open their cottage there for ten days.

Supervisor MacBain is having Bay road macadamized from where he left off last fall to Cooley landing, so that Bay road from the Sweeney Lane to the bay is to be in good condition.

Miss Isabella Weeden was operated upon during the week at the Redwood City hospital for a slight ailment. She is recovering nicely and will be soon able to leave the institution.

On Thursday next a rummage sale will take place at the home of Mrs. Henry Midgley for the benefit of the Red Cross Society. Come and try your luck, perhaps you will get a gold watch for ten cents.

On October 26, 1917, a baby girl was born in the Peninsula hospital, Palo Alto, to Mr. and Mrs. John B. Welsh. The mother and little girl have arrived home and are doing nicely. The wee miss has been named Elizabeth Dorothea.

On Monday, November 26th the Menlo Park Dramatic club will give a performance in the Hall of the Nativity. "Betsy Baker" is the name of the play that will be put on the boards that evening. The caste is to be made up of civilian and military artists.

Benjamin W. Taliaferro connected with Taber's famous studio of San Francico, Paris and London, will be in charge of "The New Photograph, Liberty Studio" on Oak Grove avenue, near the highway where all work will be guaranteed as first quality and reasonable rates charged.

The family of the late Thomas Fitzgerald desire to thank all the kind friends and neighbors for their assistance during the illness and at the death of their beloved one. The family also wishes to thank all kind friends for the many floral offerings and for the numerous expressions of sympathy.

Vincent Sexton has written from France to his brother here saying that he is delighted with the climate and surroundings at the front. He is in southern France and he says the scenery and general topography of the country reminds him of dear old California. Mr. Sexton is with the engineers who are constructing railroads in France.

Archbishop E. J. Hanna visited the new Knights of Columbus building now being constructed at Camp Fremont on Wednesday. He expressed himself well pleased with the structure. It will be completed on December first and is to be opened with much ceremony. Many prominent clergymen and laymen will be present on that occasion.

At a meeting of the Diocesan Council held in San Francisco on October 31st, the Most Rev. Archbishop E. J. Hanna, established several Deaneries in this portion of the State each one composed of several counties. Rev. Joseph Gleason of Palo Alto has been named dean of the counties of San Mateo, Santa Clara, and a portion of Santa Cruz county.

"The Parlor of Sweets" restaurant on the highway opposite the Menlo Pharmacy is now open and is serving delicious coffee with hot waffles and syrup. Finest French pestry, confections and home made pies and cakes made on the premises. The proprietors aim to please the public and from the big patronage they are receiving they are certainly doing so.

A convocation of the Episcopal ministers from the territory including Santa Clara, San Mateo, San Luis Obispo and Monterey counties, will be held here on next Tuesday and Wednesday. On Tuesday afternoon Bishop Nichols will arrive from San Francisco to dedicate the new parish hall which has just been completed. The ceremony will be impressive and will be witnessed by a large number.

No one should miss the social given in the Hall of the Nativity next Thursday evening. A big surprise in the way of refreshments awaits those who delight in dainty edibles. Mr. Hoover will be lost sight of for that evening. The ladies are not telling what they have for that evening, but come and partake of the delicacies they promise to serve.

The band concern and masquerade at the Hall of the Nativity has been the talk of the camp and town for some time and no doubt a large number of music lovers will be present to hear the military band of 30 pieces. Sergeant Tully, lately from the Philippines, is the leader of the band. Many unique costumes will be on the floor this evening. Between the concert numbers quartette singing and monologues will be rendered by members of the Thirteenth Infantry band. General admission to the hall 50 cents. This will be the first time the full band will be heard in public.

George Walsh suffered a sad accident at Pescadero Thursday of last week while hunting with several companions. In some unaccountable way his shot gun was accidentally discharged and two fingers of his right hand were blown off at the first joint. The fingers injured were the index and ring. Mr. Wals was taken to the Peninsula hospital for treatment. He has fully recovered and is able to attend to his duties as local agent for the Mutual Life Insurance Company.

The old Hammerson blacksmith shop on Santa Cruz avenue is being transformed into an up-to-date bakery. A large oven is being erected and new partitions put in and other improvements made to make the place inviting and attractive for the public to purchase home made bread, cakes and pies. Santa Cruz avenue promises to be the business section of Menlo Park. Property on this street has gone soaring. It is said that this week one realty owner was offered $10,000 for two lots on the avenue and refused the handsome offer. Weeden brothers are constructing a substantial building for a city produce firm who has a contract with the camp to supply certain produce. This concern will also sell to local dealers and others.

Dr. White Wolf will appear in Duff & Doyle hall next Monday evening and deliver one of his interesting lectures. He invites the officers of the Red Cross Society to be present. He expects to tour the state giving lectures, one fourth of the proceeds of which is to be turned over to the Red Cross Society. The doctor is an interesting talker and those who attend the lecture next Monday evening will be well pleased. He will lecture on the life and habits of the Indians. The doctor will appear in full Indian costume. The tribes of which he will speak will be Sioux, Cheyenne, Crow, Chotaw and California Indians. In this lecture the doctor will bring you back to the early days of the Black Hills of South Dakota, the Custer Massacre and the surrender of the savages to General Miles.

Your Soldier's Present Should be vital to his safety. Our Military Luminous Pocket Compass, sensible, life-time gift. Prevents loss direction with fatal results or prison camp. A noted general says: "There are two articles, and only two of a soldier's extra equipment I recommend—one a luminous compass. Loss of direction at night is not ucommon, sometimes with fatal results. A compass prevents such accidents. I have carried mine in my breeches pocket for years and would as soon leave my watch behind as this trusted companion, my compass." Our Luminous Compass made for soldiers use; bright at night as by day; stands hard knocks; strongly hinged, jeweled, floating aluminum dial; satisfaction guaranteed. Solid white metal, beautiful thin watch model, hunter form closed case, in handsome box, $3.50; in gold filled case $6.50. Looks like latest models in thin watches. Send money-order today.

Mrs. Dulac Given Divorce

Judge Buck yesterday granted an interloctuory decree of divorce to Robie E. Dulac from her husband, Ernest E. Dulac on the ground of desertion. The couple was married at San Jose in June, 1903 and have been separated for over four years. Dulac's residence could not be ascertained. The divorce was given by default. Dulac was a prominent business man in Redwood City a dozen years ago. He dropped from sight some ten years ago and has not been heard of since. J. J. Bullock appeared as the attorney for Mrs. Dulac.

Heating That Knows No Trouble

With the installation of a Rector Gas Heating System, work and trouble in connection with house heating cease for good.

That freezing early morning trip downstairs to start an often obstreperous fire, the generally underheated but sometimes overheated rooms are things of the past and fuel shortage has no terrors.

The Automatic

RECTOR GAS HEATING SYSTEM

requires but the pressing of a button to put it into instant operation—it heats every room independently to the exact temperature the occupant desires—it is entirely fumeless and odorless—it is healthful because it assists in the removal of the vitiated air from the room—it is a most inexpensive system to operate.

There is much to interest you in our literature descriptive of this and other heating systems. Won't you phone for yours today?
